

WXDU

88.7 &
103.5 fm

exists to help Duke students and people all over the Triangle learn about excellent music they won't hear on commercial radio stations. "Excellent" music can mean a new style, an amazing talent, an unconventional instrument, an avant-garde composition, or many other things...but what it doesn't mean is music that's bland, overproduced, or homogenized. It's easy enough to hear plenty of that on big, commercial radio stations.

Local Music

Supporting local music is a big priority at WXDU. We give lots of airtime to albums by Triangle bands, and you can often hear them play on Ross Grady's "Live from the 'XDU Lounge" show before they ever release a CD. Plus, every day we give away tickets to shows at the Cat's Cradle, Local 506, Go! Studios, Kings, and other clubs where you can hear local music. Listen for our on-air Concert Calendar, or visit www.catscradle.com frequently for a list of upcoming shows by venue. If that site doesn't quench your thirst for local music news, subscribe to the alt.music.chapel-hill.newsgroup and wage discussions with fans from the Triangle and beyond.

WXDU is a committee of the
Duke University Union

Station Events

We're breathless with anticipation (and a little bit of fear) over our fall Benefit Show at the Duke Coffeehouse on Sat., Nov. 4. Daredevil rockers PINE STATE, notorious for their artful use of pyrotechnics and flying objects, are reuniting to headline this show. Also performing will be terrific local acts Clok Lok, Malt Swagger, and Cantwell/Gomez/Jordan. Visit our Web site to hear samples of these bands' music.

DJ Training

WXDU recruits DJs three times a year. You don't need any experience, and it's a great way to learn a lot about music. To sign up for training, e-mail training@www.wxdu.duke.edu or leave a message at 684-2957.

Contact Info

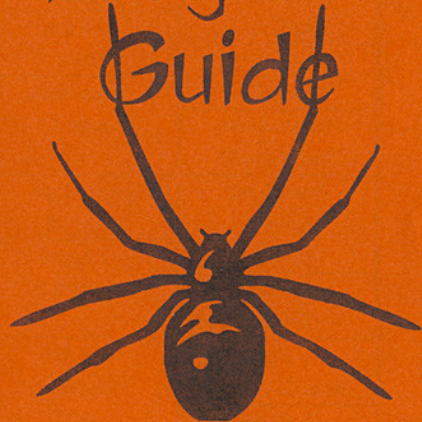

The best way to contact the staff of WXDU is by e-mail to wxdu@duke.edu. Let us know if you'd like to get on our mailing list to be informed about upcoming station events. But if you need to call or send us something:
